### PACKING:

Pack all clothing and gear in clear recycle bags for waterproofing, then inside one large duffel. To waterproof sleeping bag, line stuff sack with recycle bag, then stuff sleeping bag. Put sleeping bag, clothing and gear into recycle bags, then duffel. All duffels get packed on top of van and waterproofing is essential in case of rain. In addition to duffel, campers should pack day pack with items they want easy access to, such as lunch, water bottle, rain gear, sunscreen, games, etc.

**Arrive with only 4 items: Packed duffel/day pack/sleeping bag/sleeping pad.**

\*\*Use clear recycle bags (instead of black garbage bags) for easy identification and to reduce the possibility of confusing with garbage.

**LABEL EVERYTHING!**
